The one I noticed today is at Boston Market. They don't make these lids to stand up. I am trying to get my team to treat them when we buy them with a moisture repellent and/or repaint often...so much maintenance.

Thanks for all of your help.

Tree trimming, starting on Weschester Parkway, is scheduled to begin the 1st or 2nd week of October (next week or the week after). That will include sucker growth and weed control too.

I'll ask Gilbert to schedule the La Tijera sidewalk pressure wash next to Petco asap. It should be done this week.

I've asked Gilbert to replace all moat sand and clean all trash receptacles in the entire BID area. He will address any rust issues or let me know to have Derryl do so. Do you have any site specific rust complaints?

Thank you.

Don,

We continue to use a lot of manpower to keep up with these trees on Sepulveda. We have to blow in

RE: a couple of things

the am and sweep again in afternoon. We are just wondering when they plan to trim the flowers. I understand the leaves will continue to fall. On Friday the bid cleans up right?

Also, we need a sidewalk clean up when you can on La Tijera, right next to Petco (also weeds in the treewells)

Some of our trash cans are rusting (we have that issue too).
